International Women's Day 2010

Each year on 8 March thousands of events are held throughout the world to inspire women and to celebrate their achievements.

International Women's Day was set up by the United Nations to ensure that the role and contribution of women across the world was acknowledged each year. For the vast majority of women in developing countries, equal rights, access to education, health care and even safe childbirth are not available.

This year's International Women's Day is about recognising women's contributions and realising and protecting their rights.

Proceeds from our IWD Dinner will be shared between international projects supported by the Zonta International Foundation and UNIFEM Australia, and local projects of the Zonta Club of Ballarat Inc.

Zonta International's projects are:

- Prevention of mother to child transmission of HIV in Rwanda (with UNICEF);
- Safe cities for women in Guatemala City and San Salvador (with UNIFEM); and
- Reduction of obstetric fistula in Liberia (with UNFPA).

See www.zonta.org for details of these projects.

UNIFEM Australia, through its International Women's Day program is supporting projects to ensure women migrant workers' rights and protect them from exploitation, abuse and discrimination.

See www.unifem.org.au
